Employability Skill Training Centre for Skill Development (CSD) CSR  
Initiative of Bajaj Finserv CSR Initiative's implemented by ICT Academy

**TRAINING COMPLETION CERTIFICATE**

This is to certify that ICT Academy has implemented Employability Skill Training Centre for Skill Development (CSD)-Training for Retail Sales Associate being CSR initiative of Bajaj Finserv.

The students have been trained on Retail Sales Associate was conducted for 120 hours and training period was from 21<sup>st</sup> February 2023 to 16<sup>th</sup> March 2023

**No of batches: 01**

**No of students trained: 120**

The course materials were issued to all the students. The trainers were deputed fulltime by ICT Academy to impart training for the students at our institution.

The training was very effective and useful for the students which we believe will help the students in their career progress.

## REPORT ON BUSINESS TAXATION CERTIFICATE COURSE

Department of Business Administration has organised Certificate Course on the topic "Business Taxation" from 10 Apr to 25 Apr 2023. The sessions were of 2 hours per day. Total 44 students took the benefit of this certificate course. After completion of course the evaluation test was conducted through google form. All the students have answered the test and scored well.

Course contains all practical knowledge about how to file Income tax return.

Following points were covered during course:

1. Different heads of Incomes and Taxes.
2. Criteria to levy tax on the income of person.
3. Which Income Tax Return form is for whom?
4. How to avoid taxes legally.
5. How to calculate taxes on the income.
6. Which deductions are allowed on which income?
7. Rebates and surcharges on the incomes.
8. Deductions under the head salary income.

Asst. Prof. Snehal Borkar has conducted total certificate course. The syllabus was set by her only. During session she provided practical knowledge of the subject.

This certificate course was organised specially for Non-Finance Specialisation students of SY and TYBBA/IB.

**IIRS ISRO Nodal Center**

**Report on  
Certificate Course of  
"Fundamentals of Remote Sensing and GIS Technology (Course in Hindi)".  
Held online during 14th September to 28th September 2022.**

**Overview:**

The Fundamentals of Remote Sensing and Geographic Information Systems (GIS) Technology (Course in Hindi) Certificate Course was conducted by the IIRS ISRO MMCC Nodal Center during 14th Sept. to 28th Sep. 2022. The course aimed to provide participants with a comprehensive understanding of remote sensing principles, GIS applications, and their integration for various environmental and geospatial analyses.

**Objectives:**

- To introduce participants to the basic principles and concepts of remote sensing.
- To familiarize participants with the fundamentals of Geographic Information Systems (GIS).
- To demonstrate the integration of remote sensing and GIS for spatial analysis and decision-making.
- To provide hands-on experience with popular remote sensing and GIS software tools.

**Participants:**

A total of 10 students have successfully completed the course.

**Course Content:**

The course curriculum was structured to cover the following topics:

- Introduction to Remote Sensing
- Remote Sensing Platforms and Sensors
- Image Interpretation Techniques
- Basics of GIS and Spatial Data
- Data Acquisition and Pre-processing
- Spatial Analysis and Modeling
- Applications of Remote Sensing and GIS
- Hands-on Training with Software Tools (e.g., ArcGIS, QGIS, ENVI, ERDAS Imagine)

**Methodology:**

The course employed a combination of lectures, practical demonstrations, hands-on exercises, and interactive sessions to facilitate learning. Participants were provided with study materials, software tutorials, and datasets to reinforce their understanding. Experts from ISRO were to provide insights into real-world applications and advancements in remote sensing and GIS technology.

**Outcomes:**

Upon completion of the course, participants gained a solid foundation in remote sensing principles, GIS techniques, and their integration for spatial analysis. They developed practical skills in handling remote sensing data, performing geospatial analyses, and generating meaningful outputs for decision support. The hands-on training sessions equipped them with the necessary proficiency in using popular software tools for remote sensing and GIS applications.

**Conclusion:**

The Fundamentals of Remote Sensing and GIS Certificate Course conducted by the IIRS ISRO Nodal Center proved to be a valuable learning experience for participants, empowering them with knowledge and skills essential for tackling diverse environmental and geospatial challenges. The course received positive feedback from attendees, highlighting its relevance, comprehensiveness, and practical applicability in their respective fields.

**REPORT ON 'Escalate with Excel' CERTIFICATE COURSE**

The Department of Computer Science had organised a 30-hour certificate course on the topic 'Escalate with Excel' from the period 13 Dec to 3 Feb 2022. The sessions were conducted for two hours per week by Dr. Nidhi Satavlekar and Prof. Shubhangi Mathe.

**Following points were covered during course:**

- Introduction to Excel Workbook and Sheets
- Basic Functions in Excel
- Formatting and Styles in Excel
- Use of Logical Functions and Conditional Formatting
- Analysing data with Filter Techniques
