Report on Red Dot Campaign

Date: Friday, January 28, 2022

Female students enrolled in the second year of the Bachelor of Business Administration in Computer Application (SYBBA(CA)) program took the initiative to promote awareness regarding the proper management of sanitary waste, aiming to address issues related to cleanliness and women's health. Their efforts were directed towards visiting various schools in order to educate both students and staff on the importance of effectively managing sanitary waste. Central to their message was the significance of the 'Red Dot' symbol, which serves as a crucial indicator for waste collectors, signaling the presence of sanitary waste that requires specialized disposal methods.

The campaign embarked upon by the SYBBA(CA) students was driven by a deep understanding of the pressing need to address hygiene concerns, particularly those affecting women. Recognizing the pervasive lack of awareness surrounding proper sanitary waste management, the students embarked on a mission to empower communities with knowledge and practical solutions.

Dear Dr Paliwal,

Greetings for the Day!!!

Further to or discussion yesterday, our college would like to collaborate with the Centre for Gender Studies, Vaikunth Mehta National Institute of Cooperative Management to organise a webinar on 'Gender Budgeting' with a focus on gender sensitization among the youth.

The webinar intends to create a broader understanding for Gender Budgeting and further discuss its potential and limitations to advance gender equality in the economic system. This becomes even more pertinent amidst the COVID 19 pandemic crisis, which is disproportionately affecting women and further exacerbating structural inequalities.

The Center for Gender Studies at VAMNICOM will be a valuable partner for this topic as it is already addressing several gender empowerment interventions. Upon your consent, we can discuss the schedule, resource person and other requirements in details.
