→ What is meant by Human Rights of Vulnerable groups?

→ The meaning of vulnerable is highly evasive. However, in common understanding people who are easily susceptible to physical or emotional injury, or subject to unnecessary criticism, or in a less advantageous position in any society may be defined as vulnerable people. Accordingly, vulnerable groups are those people who may find it difficult to lead a comfortable life and lack development opportunities due to their disadvantaged position. Due to adverse socio-economical, cultural and other practices present in each society, they find it difficult many a times to exercise their human rights fully.

In the language of human rights vulnerable group may be defined as, certain group of population who often encounter discriminatory treatment or need some kind of special attention for protection of the state to avoid exploitation or from a harmful environment.

People who are discriminated based on sex, race, by birth in a particular community, religious

AY - 2020 - 21

1. What is meant by human rights of vulnerable groups?

Ans Human rights of vulnerable groups are fundamental principles that aim to safeguard the well-being & dignity of individuals facing various challenges. These rights are crucial for ensuring that vulnerable groups, such as children, women, refugees, persons with disabilities & minority groups, are treated fairly & with respect. They serve as a shield against discrimination, abuse & violations of basic needs like healthcare, education & a safe living environment. Upholding the human rights of vulnerable groups is vital for promoting equality, justice & inclusivity in society.

They also include right to freedom from torture, the right to life, freedom from inhuman treatment, slavery, forced labour, the right of liberty & security, freedom of movement & right of residence, rights to fair trial, right to privacy, freedom of thought, conscience & religion, freedom of opinion & expression.

Ans.  
In India, various provisions exist to protect the rights of women & children. For women from Domestic Violence Act, the Sexual Harassment of Women at Workplace Act, & the Maternity Benefit Act are in place to ensure their safety & well-being. Initiatives like the Beti Bachao, Beti Padhao Campaigns also work towards gender equality & empowering females.

When it comes to children, India has the Right of children to free & compulsory Education Act, guaranteeing education for all kids aged 6 to 14. The protection of children from sexual offenses Act is another critical law that focuses on shielding children from sexual abuse. These provisions are vital in upholding the rights & welfare of women & children in India.

Thus, the provisions of protecting Rights of Women & children.

**WOMB OF MELGHAT**

**SYNOPSIS OF THE DOCUMENTARY FILM:**

The film 'Womb of Melghat' observes the implementation process of 'Maharashtra Project Affected Persons Rehabilitation Act 1999', the film is about the tribal relocation, resettlement and rehabilitation from the Melghat Tiger Reserve (MTR) of Maharashtra State. Melghat is a very rich bio-sphere of central India, is countries ninth and States first tiger reserve. The conservation-induced displacement from the tiger reserve has devastated the ancestral forest dwellers life. There are seven different forest dwelling communities residing inside the reserve, 'Korku' is a major tribe inhabited and is a traditional guardian of the forest. All the residing communities in MTR mostly depend on forest resources and less depending on agricultural activities. The Government wants to make this area 'Human interference free' under the Act of Wildlife Protection Act 1972.

The doctoral research based documentary film 'Womb of Melghat' frames the voices of the tiger conservation affected tribal communities and their post rehabilitation challenges.
