### Name of the event: Visit to Trishund Ganesh Temple for Subject Culture Journalism

Date: 02-09-2023 Time: 11 am

Venue: Trishund Ganesh Temple, Kasba Peth

#### Brief description of the event

MMCC's Department of Journalism and Mass Communication conducted a field visit to the temple of Trishund Ganapati in Somwar Peth for the completion of the academic credits under the subject – Culture Journalism.

Situated on the banks of the Nagasari stream in Kasba Peth, the Trishund Ganapati Mandir is a Hindu temple dedicated to Lord Ganesh. The temple reflects the late Peshwa architecture style. There are three inscriptions on the temple walls in Devanagari, Persian, and Sanskrit containing details about the temple as well as verses from the Bhagavad Gita (a 700-verse Sanskrit scripture that is part of the Hindu mythological epic Mahabharata). The department of MA-JMC arranged a field visit to Peshwa era temple ' Trishund Ganapati' on 2 September. This temple was built between 1754 - 1760. The temple structure is a mixture of Rajasthani, Malwa and South Indian styles architecture. Earlier this place was used for 'Yog Sadhana', in 1920 it was used to tie cattle and now it is known as Ganesh temple. At this time HoD Mrs. Shenai Sir explained this place's interesting history and facts to the students. The students of the department not only visited the place, but took pictures of each and every architectural structure followed by a detailed report.

**Industrial Visit Report**

**Date: January 25, 2020**

**Destination: Hinjewadi Phase II (Infosys), St. Tukaram Sugar Industries, Hinjewadi, and Katraj Dairy Industries, Pune.**

**Participants: 106 SYBBA students, accompanied by 4 faculty members.**

The industrial visit embarked on January 25, 2020, with 106 SYBBA students and 4 faculty members, aiming to provide students with practical insights into various industries.

The first stop was Hinjewadi Phase II, where Infosys welcomed the students. Mr. Joseph delivered an insightful lecture, elucidating the company's inception, its global operations, and pathways to success. He delved into topics of leadership, motivation, and provided valuable advice on envisioning future prospects within the organization. Following the engaging session, students toured the Infosys campus, gaining firsthand experience of its working culture and environment.

Next, the group proceeded to St. Tukaram Sugar Industries in Hinjewadi. Here, students witnessed the entire sugar manufacturing process, from the crushing of sugar cane to the packaging of sugar in various sizes. The visit provided a comprehensive understanding of the industrial processes involved in sugar production.

The final leg of the journey led the students to Katraj Dairy Industries in Pune. They were exposed to the intricacies of dairy production, including pasteurization, ozonization, and the manufacturing of various milk-based products such as cheese, butter, and ghee. The visit offered valuable insights into the functioning of dairy industries.

Overall, the industrial visit proved to be enlightening and enriching for the students, providing them with practical knowledge and firsthand experience of different industries. The trip concluded with all participants safely returning to the college by 6:30 pm.

Date: December 12, 2019

Destination: Jawaharlal Nehru Port Trust, Mumbai

Participants: 62 SYBBA (IB) students, accompanied by 3 teachers and 1 security personnel.

On December 12, 2019, 62 SYBBA (IB) students, along with 3 teachers and 1 security personnel, embarked on an industrial visit to Jawaharlal Nehru Port Trust in Mumbai. The primary objective of the visit was to familiarize students with the operations of a port, particularly relevant to their studies in international business.

Mr. Ravi Kharat provided a detailed overview of the port's functioning, including the handling of vessels, container storage, and the processes involved in loading and unloading containers from ships. Students had the opportunity to witness live demonstrations of container unloading using cranes, gaining practical insights into port operations.

Additionally, the visit included an overview of the documentation processes carried out in the custom house, further enhancing students' understanding of international trade operations.

The industrial visit concluded with all participants returning to the college by 8:30 pm, having gained valuable insights into port operations and their relevance to international business.

## **Industrial Visits Report:**

**December 15th, 2018**

**Introduction:** On December 15th, 2018, the students of SYBBA/SYBBA-IB embarked on a series of industrial visits aimed at enhancing their understanding of various industries and gaining practical insights into their operations. Four different companies were visited on this day, namely Sainik Plastics Pvt Ltd, Pantajali Logistics, Ferretero USA, and Agro Tourism Lonikand.

**1. Sainik Plastics Pvt Ltd:** Sainik Plastics Pvt Ltd specializes in the production of plastic products. The visit provided students with the opportunity to observe the manufacturing processes involved in producing plastic goods. They gained insights into injection molding techniques, quality control measures, and the overall management of a manufacturing facility. Interaction with industry professionals allowed students to understand the challenges and opportunities in the plastics industry.

**2. Pantajali Logistics:** Pantajali Logistics is a prominent logistics company known for its efficient supply chain management services. During the visit, students got a firsthand look at the logistics operations, including warehousing, transportation, and inventory management. They learned about the role of technology in streamlining logistics processes and optimizing efficiency. Discussions with logistics experts provided valuable insights into the complexities of managing large-scale logistics operations.

**3. Ferretero USA:** Ferretero USA is a renowned manufacturer of industrial lifting and rigging equipment. The visit to Ferretero USA exposed students to the advanced manufacturing techniques used in producing lifting solutions. They witnessed the precision engineering involved in designing and manufacturing heavy-duty equipment. Students also learned about safety protocols and quality standards in the lifting and rigging industry.

**4. Agro Tourism Lonikand:** Agro Tourism Lonikand offers a unique blend of agriculture and tourism experiences. Students had the opportunity to explore sustainable farming practices, organic cultivation methods, and agro-tourism initiatives. They engaged in hands-on activities such as harvesting fruits and

vegetables, milking cows, and participating in eco-friendly farming practices. The visit highlighted the importance of agriculture in the economy and promoted awareness about rural livelihoods.

**Conclusion:** The industrial visits on December 15th, 2018, provided SYBBA/SYBBA-IB students with valuable insights into diverse industries ranging from plastics manufacturing and logistics to industrial equipment production and agro-tourism.
