Subject : Feedback on curriculum by stakeholders in view of choice based credit system

Respected Sir / Madam

The Choice Based Credit System introduced by SPPU in 2019 has incorporated various facets of academics so as to provide a holistic and all round development of students. Our college takes feedback on curriculum from various stakeholders. In accordance with this, we present the feedback on the curriculum for AY 2022-23 for your reference.

The feedback in short is as follows :

1. Maximum participants agree that the academic programs achieve the course outcome and program outcome.
2. More than ninety percent participants agree that the syllabus enhances experiential learning through various activities.
3. Most of the participants mention that the syllabus is appropriate for placement and employability. Few participants opine that the IT industry progresses much faster than the educational program.
4. Majority participants agree that the evaluation system is good and appropriately implemented.

Kindly accept the feedback and do the needful.

Regards,

Dr. Devidas Golhar
Principal
