World Braille Day

To mark the birthday of Louis Braille, the inventor of Braille script, January 4th is observed as World Braille day. Let us come together to raise awareness of the issues impacting those who are blind or visually impaired within our society. By observing this day let us signify inclusion and diversity. It is important that we become the responsible citizens. An online meet is arranged on **6th January 2021 at 1.30 pm** for showcasing the collage made by various participating teams. This will be followed with everybody by taking an oath towards this cause.

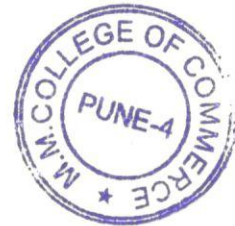

Interested students to follow the given guidelines.

1. Identify the signs used in rest rooms/wash rooms
2. Identify the signs used in elevators
3. Identify the symbols used on watches, calculators
4. Collect images of Computer keyboards/buttons used by visually impaired
5. Images of Braille Calendar
6. Any other signs and conventions used.

You can create collage of the images with proper labels. Send the collage images on lockdownactivity@mmcc.edu.in with team members name and class.

Report on

World Braille Day

To mark the birthday of Louis Braille, the inventor of Braille script, January 4 th is observed as World Braille day. The BSc(CS) & BBA(CA) department organized a guest session to raise awareness on the issues impacting those who are blind or visually impaired within our society and to promote inclusivity.

The speakers, Ms. Nisha Prakash Khare, Sales Tax Officer at Pune and Mr. Faiyyaz Attar, Technical Head & Consultant at Manobal, Pune, shared their emotional childhood experiences which made them even stronger to face the challenges of the world. They mentioned the difficulties faced by visually impaired and various ways in which the use of technology could provide them support in everyday life. The lecture was broadcast through youTube channel and can be viewed by clicking on the below link :

https://youtu.be/7rio_FrANX0

On 6 th January 2021 at 1:30 pm fifteen participants showcased the collage on various facilities for the blind in an online meet. The session was attended by Shankar Bhoite, a BCom student, who shared his personal experiences and hardships.

Report on Session on Time management

The online session on time management was organized on 24.02.2021 with an aim to equip students with practical strategies and tools to effectively manage their time, increase productivity, and reduce stress. The session focused on identifying common time management pitfalls and providing actionable solutions to address them.

The session highlighted a variety of time management tools and resources available online, including task management apps, calendar tools, and productivity techniques such as the Pomodoro Technique. Students were encouraged to explore these tools and identify ones that best suited their needs and preferences.

The online session on time management provided participants with valuable insights and practical strategies to enhance their time management skills. By identifying common time management pitfalls, prioritizing tasks effectively, and implementing practical techniques, participants are better equipped to manage their time, increase productivity, and achieve their goals. Continued practice and implementation of these strategies are essential for long-term success in time management.

In all 79 students attended the online session.

Report on Session on Building self-awareness through Brain Science

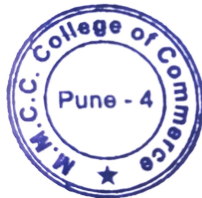

A session on building self-awareness through brain science was conducted for BBA and BBA-IB students. The session aimed to educate students on methods to enhance self-awareness using insights from brain science. Professor Ashish Patil from MIT College was the guest speaker for the session.

The session began with a comprehensive overview of the concept of self-awareness and its importance in personal and professional development. Prof. Patil delved into the science behind self-awareness, explaining how neural pathways and cognitive processes contribute to our understanding of ourselves.

During the session, students learned the following key points:

- a. The role of brain science in understanding and enhancing self-awareness.
- b. Techniques and exercises to develop mindfulness and self-reflection.
- c. How self-awareness can lead to improved decision-making and emotional intelligence.
- d. The impact of self-awareness on personal growth and relationships.

Prof. Patil conducted several engaging activities to demonstrate the practice of self-awareness. These activities included mindfulness exercises, self-reflection prompts, and group discussions on personal experiences related to self-awareness.

Following the presentation and activities, students had the opportunity to ask questions and discuss their queries with Prof. Patil. The Q&A session was interactive and insightful, with students gaining clarity on various aspects of self-awareness and brain science.

Dr. Ashwini Kulkarni
BBA Co-ordinator

Report on Guest Lecture

Date: 11 Dec 2020

Guest Speaker: Advocate Dhananjay Dhainje

Topic: "Cyber Crime and Cyber Security"

BBA/BBA-IB in Marathwada Mitra Mandal's College of Commerce had conducted a guest lecture on 11 December 2020 on online platform (i.e. Google Meet). All the students (total 73) of SYBBA Finance Specialisation were present at this knowledge sharing session. This lecture was delivered by Advocate Dhananjay Dhainje. The guest lecture was scheduled to start at 12 pm.

The guest lecture started by Prof. Snehal Borkar giving a brief introduction of Mr. Dattatray Bhagwan Dhainje to the students. Mr. Dhainje has done B.E in Information Technology from Pune University with First class. He has also done M.B.A in Technology from Savitribai Phule Pune University. He also holds a 3rd rank in L.L.B from Savitribai Phule Pune University. He is also a Gold Medallist in Cyber from Savitribai Phule Pune University. He has also completed his L.L.M with first class from Shankar Rao Chavan Law College Pune. He is a PHD scholar from MNLU Nagpur.

Dhainje sir initiated the lecture by emphasis on the significance of data. He stated that we should always choose multifactor authentication for logging to our Bank Account, Social Networking or all kinds of accounts which we are using on the virtual space.

Later on he gave some tips for staying away from such cyber frauds and attacks such as: always keep back up of your computer or mobile data, always enable POP-UP blockers on all browsers, always verify the identity of the contacting person, not to forward the forwarded message without knowing the authenticity of the content of message., always be cautious of any Email Attachments that advises you to enable macros in MS OFFICETO view its content, avoid chatting with stranger over the internet because Cyber criminals are always looking for innocent victims, not to click on the hyperlinks asking for "VERIFY YOUR ACCOUNT" or Login in any email or account, do not keep same password for all accounts, etc. because sometimes hackers or some viruses or malwares can harm your data which is stored on your mobile /PC /Laptop.

The lecture was of great success. It helps students to know about something new and prepare themselves for something innovative and new. The Lecture came to an end with the Vote of Thanks by the Prof. Snehal Borkar.

Date: 16 Oct 2020

Guest Speaker: Dr. Manisha Jagtap

Topic: "How to Prepare Business Plan"

BBA/BBA-IB in Marathwada Mitra Mandal's College of Commerce had conducted a guest lecture on 16 Oct 2020 on online platform (i.e. Google Meet). All the registered students (total 10) were present at this knowledge sharing session. This lecture was delivered by Dr. Manisha Jagtap. The guest lecture was scheduled to start at 12 pm.

The guest lecture started by Prof. Snehal Borkar giving a brief introduction of Dr. Manisha Jagtap to the students. Dr. Manisha Jagtap is a Government employee. She has shared very valuable information to students and she also guided to students for how to prepare business plan. The points to be focused while preparing business plan are well explained by Manisha mam.

The lecture was of great success. It helps students to know about something new and prepare themselves for something innovative and new. The Lecture came to an end with the Vote of Thanks by the Prof. Snehal Borkar.
