Report

Name of the event: Guest Session on Cyber Security

Date: 15th October, 2022

Time: 10:30 AM–12:00 PM

Venue: Hall no. 5

Name of the Guest Speaker: Mr. Aditya More

Brief description of the event

With so much good coming from technology, it can be hard to believe that potential threats lurk behind every device and platform. Yet, despite society's rosy perception of modern advances, cyber security threats presented by modern tech are a real danger.

To know more about cyber security and to educate students regarding it, the Department of Computer Science organized a Guest Lecture on "Cyber Security" By Mr. Aditya More, an Eminent Alumni of MMCC on 15th Oct, 2022.

He interacted with First year students. According to him, "The Next World War will be only for Cyber Data". His talk geared on various facts of Cyber Stalking, Extortion, Spoofing, Cyber Crimes and Cyber Forensics. He discussed crime investigation case studies. His talk pursued Privacy Policy for various applications that are freely available. He catered usage of Disposable Email Accounts and explained the importance of it. Mr. Aditya had also shown different practical examples of Cyber Crimes happening nowadays and also explained protection measures that one needs to take for protecting their banking and social accounts from hackers.

The session was very interesting and informative and was appreciated by the students who attended this session.

Dr. Devidas Golhar
Principal

IEEE-GRSS Bombay Chapter's

One day National Level Virtual Seminar

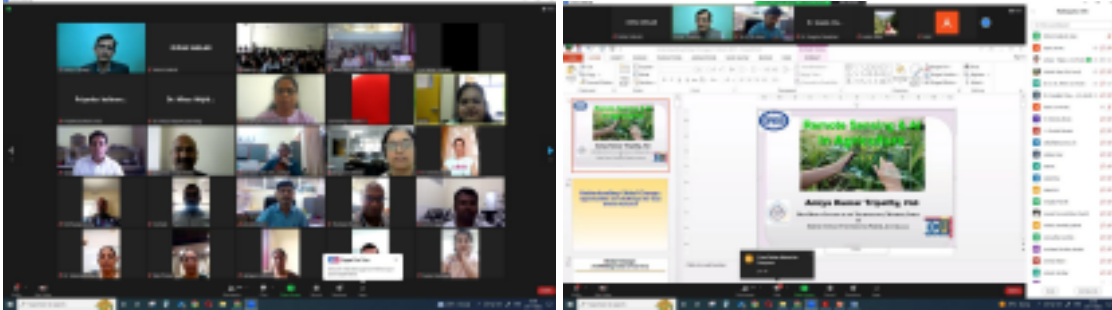

on

Emerging Trends in Remote Sensing (ETRS-2022)

on 26th November 2022

Organized in collaboration with

Milliya Arts, Science & Management Science College, Beed
Marathwada Mitra Mandal's College of Commerce, Pune
New Arts, Commerce & Science College, Ahmednagar

Prof. Amiya Kumar Tripathi, Chair IEEE-GRSS Bombay Chapter, in his presidential address for the seminar, highlighted the applications of Remote Sensing and ample job opportunities for societal benefit. He directed the researchers to study the earth comprised of abiotic and biotic factors, through the **'third eye in the sky'** i.e. the satellite. He further mentioned about geoscience (earth, sea topography) that when used with data science will lead to analysis and modeling in case of natural disasters and preservation of ecology. His technical session on 'Demystifying Remote Sensing and AI applications in Agriculture' discussed the challenges in data driven analysis such as data complexity, data characteristics and complex processes. He also discussed a few case studies to understand the challenges in observation and data retrieval in the field of remote sensing.

Dr. Sangita Chaudhari, Vice Chair, IEEE GRSS Bombay Chapter & Professor, RamraoAdik Institute of Technology, Nerul, Navi Mumbai, discussed 'Geospatial Intelligence: Today and Tomorrow'. She also explored the correlation between GIS and remote sensing. She also mentioned the importance of data and mechanism to generate, process such useful data for the applications for the societal benefit. Her lucid explanation of the topic through video clips made the session interactive and interesting.

Dr. Sushree Sangita Mishra, WIEA IEEE-GRSS Bombay Chapter & Associate Professor, Amity University Mumbai, detailed on 'Spatio - temporal Drought Vulnerability Assessment using Remote Sensing, GIS and multiple time scaled indices'. She defined the term drought in terms of technological scale for assessment in a research point of view. She also discussed various agricultural drought indices for the implementation of the application model. Few case studies have been discussed to understand the research going around the globe, in the field of drought assessment using remote sensing.

Mr. Munir Mohammed, Sr. Program Manager, IEEE, spoke on 'IEEE Standards for Academia'. He explored the journey of IEEE and IEEE standards and the programs offered.

The ETRS-2022 was graced by Dr. Shafiyoddin Sayyad, Convener who introduced the theme and goal of this seminar, Dr Anil Athare, Vice Principal, Principal Dr. Mohammad Illiyas, and Principal Dr. Devidas Golhar who welcomed all the resource keynote speakers, dignitaries and 447 participants of various colleges. The seminar concluded with Dr. Sandip Anpat's narration of the essence of the seminar. This was followed with the valedictory program chaired by Mr. Munir Mohammed in the presence of all dignitaries and participants.

A handwritten signature in blue ink, appearing to read 'Devidas Golhar'.

A workshop on Software Testing Tools

The Department of Computer Science organized a workshop in the subject of “Software Testing Tools” for the Third Year of BBA(CA) and B.Sc(CS) students on 11th April 2023. The Resource Person was Mr. Amit Borkar, FirstBit Solutions.

During the sessions, he explained the importance of Software testing and different types of software testing strategies. He enlightened students about the skills set required by Software Testers, the career path and also shared his personal industrial experience with the audience in automation of testing. He specially mentioned that Java and Python are the languages / scripts which are in demand in the field of testing.

Mr. Amit explained and demonstrated the importance of automation and the tools in Software Testing using the ‘Selenium’ testing tool and asked the students to explore other different tools being used by the IT Industry. 57 students attended the session and in their feedback, asked for similar interactions in the future.

Mr. Amit Borkar delivering Session on Software Testing Tools
