TO WHOM IT MAY CONCERN

It's with great enthusiasm to write this letter of recommendation in favour of Miss. Siddhi Ravindra Shinde in pursuing a Master's degree course from your esteemed university. As a senior lecturer in department of computer application I taught her for the past three years of her academic career. I observe her progress and I deem at my pleasure to write on her behalf.

Being a computer student she is highly motivated, eager for knowledge and is always on lookout to learn something new. Her interest is revealed by her involvement in latest technologies. She is attentive student in class, receptive to new ideas and always has concepts clear in mind.

She has done a mini project in "Pharmacy Management System using VB.NET" in final year of her graduation. I have seen her dedication, hard work and keenness to do this project.

Here I strongly recommend her to be considered as a potential student for admission for the master's degree at your university. I believe that she can meet the require standards set by your university to gain knowledge for what she is keen for.

I wholeheartedly recommend her and wish her the best in all the future endeavours.
