On 22nd April, 2022 Priyadarshini Yuvati Manch Workshop invited eminent guests - Dr Priyanka Narnaware (DCP, Parimandal 1, Pune city) and **Alumni Mrs Snehal Tarde (Actor, Producer, Writer)** for the occasion to motivate and guide students for their future.

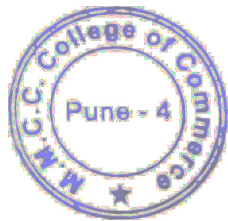

Mrs Snehal Tarde, our Alumni also shared her journey in the marathi film industry which began from the college platform of Purshottam Karandak to chalk out a successful career in the industry. She shared the fact that theirs was the first team who brought victory and added laurels to our college. She advised the girls to be financially independent, strong and never to stop in their career path.

Dr. Priyanka Narnaware shared her journey of MBBS and clearing of UPSC which motivated and encouraged students to choose the path. She also made students understand how failure is necessary to teach one about accepting things and reaching goals. It was a privilege for all to listen to her.

Both the sessions helped the students to gain valuable insights from both the eminent speakers.

Alumni Interactive Session Report

"How to choose Business opportunity?"

AY 2022-23

Date: 11th March 2023

Venue: Auditorium

Time: 10.30 am.

The Department of Business Administration had organized the interactive session of alumnus Mr. Harsh Patel on the topic "How to choose a business opportunity?".

The objective of the interactive session was to provide current students with insights and guidance on how to evaluate and choose business opportunities effectively. The session began with a warm welcome to the esteemed alumnus who led the interactive discussion.

The presenter introduced themselves, highlighting their background and experience in entrepreneurship and business development.

The presenter commenced the session by emphasizing the importance of careful consideration and strategic planning when selecting a business opportunity. They outlined key factors to consider, including market demand, feasibility, competition, and personal strengths and interests.

The session included interactive activities such as group discussions, and brainstorming sessions to encourage active participation and engagement among attendees. Students had the opportunity to share their thoughts, ask questions, and seek advice from the presenter.

Overall, the interactive session on "How to Choose a Business Opportunity" provided valuable guidance and inspiration to current students, empowering them to make informed decisions and pursue entrepreneurial ventures with confidence.

Total 46 students attended the session. The anchoring and thanksgiving was performed by the students Samruddhi Karnawat and Vanshita Sugandhi.

Report

Name of the event: Guest Session on Cyber Security

Date: 15th October, 2022

Time: 10:30 AM–12:00 PM

Venue: Hall no. 5

Name of the Guest Speaker: Mr. Aditya More

Brief description of the event

With so much good coming from technology, it can be hard to believe that potential threats lurk behind every device and platform. Yet, despite society's rosy perception of modern advances, cyber security threats presented by modern tech are a real danger.

To know more about cyber security and to educate students regarding it, the Department of Computer Science organized a Guest Lecture on "Cyber Security" By Mr. Aditya More, an Eminent Alumni of MMCC on 15th Oct, 2022.

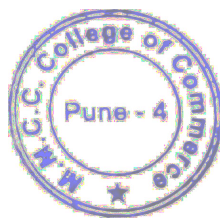

He interacted with First year students. According to him, "The Next World War will be only for Cyber Data". His talk geared on various facts of Cyber Stalking, Extortion, Spoofing, Cyber Crimes and Cyber Forensics. He discussed crime investigation case studies. His talk pursued Privacy Policy for various applications that are freely available. He catered usage of Disposable Email Accounts and explained the importance of it. Mr. Aditya had also shown different practical examples of Cyber Crimes happening nowadays and also explained protection measures that one needs to take for protecting their banking and social accounts from hackers.

The session was very interesting and informative and was appreciated by the students who attended this session.

Alumni Guest Lecture Report on "Career Counselling"

AY-2021-22

Date: 12th March 2022

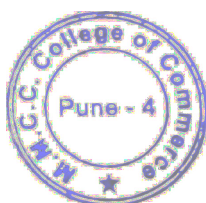

Venue: Auditorium

Time: 10.30 am.

The Department of Business Administration has organised the guest lecture on "Career Counselling". **The guest lecture conducted by our alumna, Miss. Gayatri Birajdar, Co-Founder at Youth Business Club India-YBCI on the topic of "Career Counselling" was an enlightening and enriching experience for the current students.** Miss. Birajdar's insightful interaction provided valuable guidance and perspectives to help students navigate their career paths effectively.

Throughout the session, Miss. Birajdar shared her own career journey, highlighting key insights, challenges, and lessons learned along the way. Drawing from her experiences, she offered practical advice on various aspects of career development, including identifying strengths and interests, exploring different career options, and setting realistic goals.

One of the highlights of the lecture was the interactive Q&A session, where students had the opportunity to engage directly with Miss. Birajdar and seek personalized advice on their career-related queries. Her willingness to address individual concerns and provide tailored guidance resonated deeply with the audience, fostering a sense of empowerment and confidence among the students.

Overall, the guest lecture by Miss. Gayatri Birajdar served as a catalyst for self-reflection and informed decision-making among the students. Her mentorship and insights inspired them to approach their career journeys with clarity, purpose, and resilience, reaffirming the value of alumni engagement in nurturing the next generation of leaders.

Total 58 students have attended the session of "Career Counselling" The anchoring and thanksgiving was performed by TYBBA's students Shifa Chaudhary and Vidhi Jain.

The webinar aimed to provide insights into the latest trends, techniques, and applications in Data Science and Machine Learning (ML). It intended to bridge the gap between theoretical knowledge and practical implementation, catering to both beginners and seasoned professionals in the field.

The webinar commenced with an overview of Data Science and ML, emphasizing their significance in various industries. The webinar provided insights into deep learning techniques, such as neural networks, convolutional neural networks (CNNs), and recurrent neural networks (RNNs), and their applications in image recognition, natural language processing (NLP), and more. Importance of data visualization in understanding and communicating insights from data was highlighted. Various tools and libraries for effective data visualization were demonstrated.

The webinar served as a comprehensive platform for students to enhance their knowledge of Data Science and ML, covering a wide range of topics from fundamentals to advanced techniques and applications. The interactive sessions and real-world examples facilitated a deeper understanding of key concepts.

Sandeep Akhate, Alumni (2021 pass out batch) coordinated the webinar by identifying the speaker Ms. Neeraj Bhadoria, Corporate Trainer. 210 students and teachers attended the session in online mode.

Report on Guest Lecture on "How to bridge the gap between Industrial Requirements and Curriculum"

The guest lecture on bridging the gap between industrial requirements and curriculum was conducted with the aim of enlightening students about the evolving needs of the industry and how educational institutions can adapt their curriculum to meet those needs effectively. The guest speaker for the session was CA Govind Chandak, an **esteemed alumni** who has had extensive experience working in various industries.

The speaker emphasized the importance of understanding the rapidly changing dynamics of various industries. Factors such as technological advancements, market trends, and globalization significantly influence the skill sets required by employers. Through personal anecdotes and industry insights, the speaker highlighted common skill gaps that exist between what is taught in educational institutions and what is demanded by employers. These include technical skills, soft skills, and industry-specific knowledge.

Establishing effective feedback mechanisms between industry professionals and educational institutions was discussed as a means to ensure ongoing improvement of the curriculum.

The guest lecture provided valuable insights into the methods and strategies for bridging the gap between industrial requirements and curriculum. The session concluded with a lively Q&A session, during which students had the opportunity to further explore the topics discussed.
