As per the suggested findings of DVV, the college has revised the number of sports and cultural programs in which students of the Institution participated during the last five years (organized by the institution/other institutions). The explanation of the same has been provided as follows;

- 1) The few major sports activities mentioned in 5.3.1 have been included which were omitted at the time of submission of SSR. The college requests to consider these activities under the above-said criteria. The supporting data for included activities accordingly is submitted and links and the updated DVV, to the effect, are given in the attached documents.
- 2) Most of the cultural activities are organized in the months of January and February as per the academic year calendar, this is done on purpose as the students are engaged in curricular and co-curricular activities for the rest of the year as per the academic calendar.
- 3) The nature of activities held are different and independent of each other.
- 4) The sports and cultural activities were organized by different departments of the college during the specific time period considering the academic engagement of students.
- 5) Students participating in various sports and cultural activities were different even though the activities were organized on closer dates.

Hence, the college has revised the number of sports and cultural activities as mentioned above. Kindly consider the same.

Dr. Devidas Golhar
